

A cleaner, greener Bethlehem

The impact of a single trash hauler system on City residents

for less!

Across Pennsylvania, Bethlehem is the largest city — and one of only two cities — without a single hauler system

84%

of communities in the Lehigh Valley use a single hauler

That's about **690,000** of your neighbors and co-workers

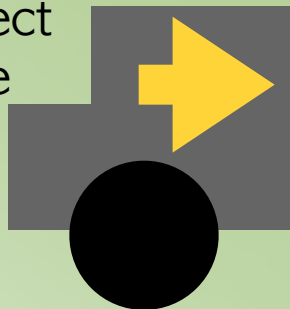

Most residents will see a **DECREASE** in garbage bills
The average household will save

\$110

65%

of residents are supportive of a single hauler system

What services can we expect from the single hauler?

- ☒ trash
- ☒ recycling
- ☒ yard waste
- ☒ grass
- ☒ bulk item
- ☒ freon items
- ☒ Christmas trees

Residents have always had a hauler choice

why change now?

We Can Recycle Our Savings

Waste Fees -- instead of property taxes -- will be used to fund Bethlehem recycling programs, including the Theis/ Cornfeld Recycling Center and free shredding. State grants for programs like these have dropped 40% in the last two years.
